Real-Time Prescription Benefit

Review Coverage Details

1. On the patient landing page, you have the ability to **View Coverage Details** under the Patient Information section.

2. Once you access the coverage details, you can view the various insurance plans available for the patient.

Select the appropriate plan from the drop-down menu and click **Save** to update the patient's coverage.

View the Real-Time Prescription Benefit

4. Select the **+ Add a Prescription** button to add medications for the patient. Then, enter the prescription details along with all required information.

5. After adding a medication to the Items to Prescribe section, you can view the real-time prescription benefits for each medication by clicking on **View Prescription Benefits**.

The screenshot displays the 'Add Prescription' workflow. On the left, a search bar is labeled 'Search by Name'. Below it are two tabs: 'Clinic Presets' and 'My Favorites'. A list of medication options is shown, including 'Adderall Oral Tablet', 'adhesive liq - clinic fav supplt', 'Amoxicillin Oral Capsule 500 MG 500 MG', 'Bactrim DS Oral Tablet 800-160 MG 800-160 MG', 'Blood Collection Tube Holder Miscellaneous', and 'Capasil External Cream 2-10 % 2-10 %'. The 'Amoxicillin Oral Capsule 500 MG' and 'Bactrim DS Oral Tablet 800-160 MG' items are highlighted in blue. On the right, the 'Items to Prescribe' section is titled 'Create a Compound' and includes a 'Delete All Items' link. It contains two medication cards. Each card shows the medication name, a close button (X), a magnifying glass icon, and a 'View Prescription Benefits' button circled in orange. The first card is for 'Amoxicillin Oral Capsule 500 MG' with 'test' as the test name, 'Dispense: 10', and 'Refills: 1'. The second card is for 'Bactrim DS Oral Tablet 800-160 MG' with 'test' as the test name, 'Dispense: 2', and 'Refills: 2'. At the bottom right, there are 'CANCEL' and 'NEXT' buttons.

Compare Pricing Details

6. Compare pricing details for your current prescription here. Search by ZIP code, city, state, address, or pharmacy to find replacement options. You can also use medication and pharmacy filters to narrow down your results.

If no comparison options are found, a “No Results” message will appear in the search results.

Replace a Medication

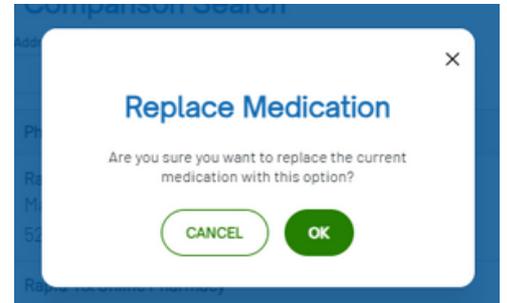

8. If you choose to replace the medication, click the **Replace Medication** button in the bottom-right corner.

You'll be prompted to confirm your decision to replace the current medication. Click **OK** to proceed or **Cancel** to return to the previous screen.

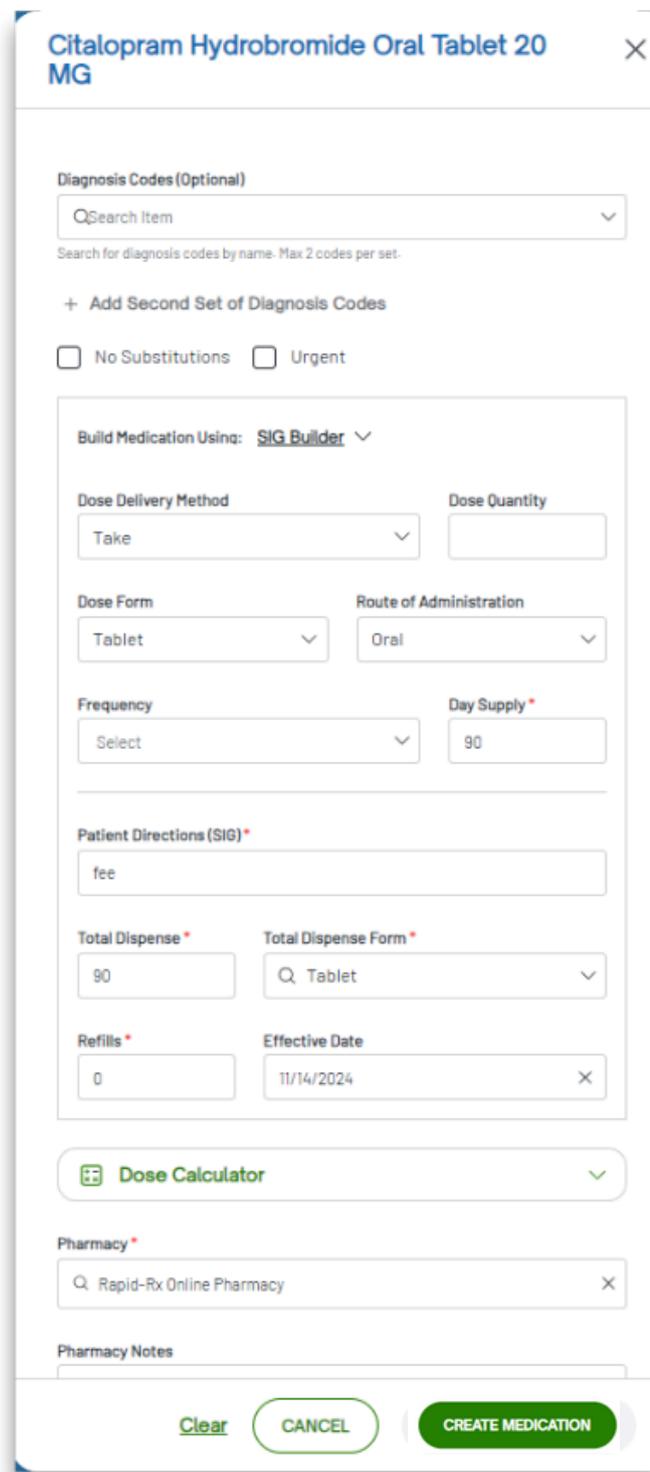

9. If you choose to replace the medication, you'll need to provide the new prescription details, including dosage and pharmacy information.

10. Click **Create Medication** to complete the replacement process.

REPLACE MEDICATION

A confirmation dialog box titled "Replace Medication" with a close button (X) in the top right corner. The text inside asks, "Are you sure you want to replace the current medication with this option?". At the bottom, there are two buttons: "CANCEL" and "OK".

A screenshot of a medication form for "Citalopram Hydrobromide Oral Tablet 20 MG". The form includes several sections:

- Diagnosis Codes (Optional):** A search bar with "Search Item" and a dropdown arrow. Below it, text says "Search for diagnosis codes by name. Max 2 codes per set." and a button "+ Add Second Set of Diagnosis Codes".
- Substitution and Urgency:** Two checkboxes: "No Substitutions" and "Urgent".
- Build Medication Using:** A dropdown menu set to "SIG Builder".
- Dose Delivery Method:** A dropdown menu set to "Take".
- Dose Quantity:** An empty input field.
- Dose Form:** A dropdown menu set to "Tablet".
- Route of Administration:** A dropdown menu set to "Oral".
- Frequency:** A dropdown menu set to "Select".
- Day Supply:** An input field set to "90".
- Patient Directions (SIG):** A text input field containing "fee".
- Total Dispense:** An input field set to "90".
- Total Dispense Form:** A dropdown menu set to "Tablet".
- Refills:** An input field set to "0".
- Effective Date:** A date input field set to "11/14/2024".
- Dose Calculator:** A button with a calculator icon and a dropdown arrow.
- Pharmacy:** A search bar with "Rapid-Rx Online Pharmacy" and a dropdown arrow.
- Pharmacy Notes:** An empty text area.

At the bottom of the form, there are three buttons: "Clear", "CANCEL", and "CREATE MEDICATION".

Confirm and Continue

11. Once you create the replacement medication, it will appear in the **Items to Prescribe** section for your review. From there, you can add additional medications or proceed by clicking **Next**.
